EDUCATION

10/2023 - 10/2024	Professional Course , Web development
	SQI college of ict

SUMMARY

As a full-stack developer, I possess a comprehensive understanding of front-end and back-end technologies, enabling me to create cohesive and efficient web applications. My proficiency in HTML, CSS, and JavaScript allows me to design intuitive user interfaces. At the same time, my experience with server-side languages and frameworks, such as Node.js and Express, ensures robust application functionality. Additionally, I am well-versed in database management using MongoDB databases, allowing for seamless data handling. My problem-solving skills and attention to detail ensure I can tackle complex challenges throughout the development lifecycle. I am passionate about staying updated with industry trends and best practices, which helps me deliver high-quality, scalable solutions that enhance user experience. My collaborative approach and effective communication skills further enable me to work well in team environments, making me an asset to any development project.

EXPERIENCE

Date period	Title
Ogbomoso, Nigeria	**SQI College of ICT**

As a dedicated student with a passion for full-stack development, I have gained hands-on experience in various technologies and frameworks. I have worked on several projects that have allowed me to develop a strong foundation in both front-end and back-end development. My coursework has equipped me with skills in HTML, CSS, JavaScript, and popular frameworks like React and Node.js. I am always eager to learn and adapt to new technologies, which enhances my ability to contribute effectively to any development team. My collaborative spirit and problem-solving mindset make me an ideal candidate for tackling challenges in full-stack development.

· Highlight your accomplishments, using numbers if possible.

SKILLS

Full Stack Developer	Graphics Designer	Resume Writer(Freelancer)

KEY ACHIEVEMENTS

💎 **Project Development: Successfully completed several full-stack projects, showcasing your ability to design and implement both front-end and back-end functionalities. Include examples like your airline booking app or hotel website. Technical Proficiency: Gained hands-on experience with essential technologies such as HTML, CSS, JavaScript, React, Node.js, and databases like MongoDB or SQL, demonstrating your ability to build scalable and efficient applications.Collaboration and Teamwork: Worked effectively in collaborative environments, contributing to group projects that required clear communication and coordination with team members, which reflects your ability to work in agile teams.**

Describe what you did and the impact it had.

PROJECTS

Hotel Website

📅 2024   📍 Ogbomoso, Nigeria

An Hotel Booking Website
